

Low-Watt, Battery Operated LED Lighting

Long-lasting, energy-saving lighting for mobile applications

Fully Mobile LED Battery Pack

Our all-in-one battery pack light is truly a one of a kind product. The 200-Watt LED balloon light, 9' of clip together mast, and battery all fit inside the box. This allows users to have significant amounts of work light anywhere they need it without the need for auxiliary power.

The 200-Watt LED pulls just 2.5 amps so it allows the battery to power the light for 6 hours on 24,000 lumen setting and 10 hours on 12,000 lumen setting.

The 200-Watt LED emits glare-free, non-blinding light that can easily light up an entire intersection for applications such as traffic control.
